

January 1, 2019

Dear Valued STERIS Customer,

This letter is to inform you that effective August 3rd, 2013, STERIS Corporation discontinued sales of the following product:

STERIS Amsco® OrthoVision® Orthopedic and Fracture Table

STERIS discontinued the sale of this product as a result of the introduction of the STERIS OT1000 Orthopedic Surgical Tables in 2013. Over the years, healthcare facilities in North America have been transitioning to newer models of orthopedic surgical tables to accommodate modern orthopedic surgical approaches, such as the Anterior Approach Total Hip Arthroplasty, as well tables with updated technology and improved ease of use.

STERIS will continue to support the OrthoVision® Orthopedic and Fracture Table as follows:

- Assuming replacement service parts availability, all service, and accessories indicated for use with the STERIS Amsco® OrthoVision® Orthopedic and Fracture Table will continue to be available for 7 years from the date of last sale (August 2, 2013).

STERIS strives to provide the highest level of Customer support in the industry. As part of that commitment, we want to provide you with sufficient advance notice of this product obsolescence and of our commitment to continue supporting the product as outlined above.

We recognize the impact that product discontinuance & obsolescence has on your operation. A recommended replacement for the STERIS Amsco® OrthoVision® Orthopedic and Fracture Table are the STERIS OT1000 Orthopedic Surgical Tables. A STERIS representative will contact you to provide additional information about the STERIS OT1000 Orthopedic Surgical Tables. If you have any questions regarding this notice, please do not hesitate to contact STERIS at 1-800-548-4873.

Sincerely,

Jacob Iselin
